1. Systemic Municipal Infrastructure Bottlenecks

The following recurring bottlenecks were isolated from traveler feedback across Google, MakeMyTrip, and TripAdvisor. These issues represent public infrastructure constraints rather than individual property faults:

1. [HIGH PRIORITY] Mall Road Vehicle Barrier Restriction (4:30 PM - 10:30 PM)

Measured Impact: 34.8% of central Mall Road reviews cite arrival friction

Corridors: Library Chowk, Gandhi Chowk, Mall Road SDM Court

Recommended Action: *Introduce electric luggage shuttle carts operated by Municipality at Library & Picture Palace barriers; implement digital QR pass for verified hotel check-ins.*

Jurisd

2. [CRITICAL PRIORITY] Severe Weekend Parking Shortage & Touting at Library Chowk

Measured Impact: 41.2% of all negative logistics feedback mentions no parking

Corridors: Library Chowk Multi-Level, Picture Palace, Kempty Road Junction

Recommended Action: *Integrate real-time parking occupancy sensors linked to 'Uttarakhand Tourism Smart App'; display electronic vacancy boards at Kolhukhet Toll Gate before vehicles ascend.*

Jurisd

3. [MEDIUM PRIORITY] Sub-Zero Hill Voltage Fluctuations Impacting Geysers/Heating

Measured Impact: 28.5% spike in heating/geyser complaints between Dec 15 - Feb 10

Corridors: Mall Road Upper Tier, Charleville, Radha Bhawan Estate

Recommended Action: *UPCL (Uttarakhand Power Corporation Limited) winter transformer load balancing & dedicated commercial hospitality power grid feeder lines.*

Jurisd

4. [HIGH PRIORITY] Overcharging by Local Taxis for Off-Center Resort Transfers

Measured Impact: 19.4% of guests staying at out-of-town resorts report taxi friction

Corridors: Dehradun Rly Station -> Mussoorie, Mall Road -> Kempty/Barlowganj

Recommended Action: *Mandatory prepaid electronic taxi kiosks at Dehradun Station and Library Chowk with fixed per-kilometer GPS meter enforcement.*

Jurisd
